

JIMON M

Concord West, Sydney, NSW-2138 | (+61) 430 112 708 | www.linkedin.com/in/jimonm | jimon97techs@gmail.com

PROFILE

Reliable, safety-aware worker with strong customer service, clear communication, and proven time management. Physically fit with correct manual handling habits and solid WHS awareness. Comfortable in warehouse and picker packer environments, high-volume parcel delivery (including e-bike routes), and basic IT support thanks to good computer literacy. Thrive in both independent work and teamwork, keeping inventory/stock accurate and jobs on schedule.

WORK EXPERIENCE

Warehouse Labourer/Picker Packer (Casual): Arvato Supply Chain Solutions Chester Hill, NSW | Nov-Feb 2026

- Performed end-to-end warehouse operations including inbound receiving, stock put-away, picking, packing, dispatch, and return processing for both B2B and B2C orders.
- Verified inbound shipments, checked quantities, inspected for damages, and updated inventory records to maintain stock accuracy.
- Picked and packed outbound orders using scanning systems, ensuring correct labelling, accuracy, and on-time dispatch.
- Processed returns by inspecting items, restocking inventory, and completing system documentation in line with company procedures.
- Maintained WHS compliance and consistently met daily productivity targets in a fast-paced distribution environment.

Warehouse Labourer: Burson Autoparts

Hornsby, NSW | November, 2026

- Supported warehouse relocation by packing, labelling, loading, and unpacking stock while maintaining inventory accuracy.
- Followed safe manual handling and WHS procedures during stock movement and reorganization.
- Worked efficiently with the team to ensure smooth and timely warehouse transition.

Computer Technician (Casual, Contract): Works4U (for Hire Intelligence / NSW Dept. of Education)

Sydney | May - Jun 2025

- Unloading the PCs and components per venue.
- Strategising the layout plan and assembling the PCs and components in the right order.
- Ensuring all PCs and software work as intended by testing.
- After tests, disassembling and packing to ship back to the warehouse.

Local Parcel Delivery Rider (Part-time): LS POST (Wilco Plumbing Parcels) City of Ryde (NSW) | May - Sep 2025

- Completed high-volume parcel delivery runs via e-bike, following safe manual handling and WHS practices while maintaining scanning accuracy and on-time drops through disciplined time management and clear communication with dispatch.
- Supported warehouse intake, parcel sort, and inventory/stock reconciliation; collaborated in shift handovers demonstrating effective teamwork.
- Delivered via e-bike while wearing bodycam; kept route discipline and shift logs.

Freelance Customer Service & Basic IT Support: Self-employed

2015 - Present

- Set up OS, MS Office, web browsers, Java, and DSC; configured Java/browser permissions and required utilities to enable contractors to use ISRO/CPWD e-tendering and e-procurement portals.
- Resolved software issues and PC setup problems related to Java/DSC and portal prerequisites to ensure successful submissions and also provided user guidance.

OTHER EXPERIENCE

- **Laptop/Computer Service Technician** Apprentice at Presidency Computer Servicing & Coaching: Logged intake details; basic diagnostics; OS fixes/reinstalls; student coaching in basic MS Office/terminal tasks.
- **Assistant Strength Training Gym Instructor** at Winnerland International Gym: Trained newer customers; Supported warm-ups/spotting; reinforcing correct form; prepared diet/schedule notes; completed close-of-day checks.

EDUCATION

- Master of Information Technology in Artificial Intelligence, Macquarie University (2024-2026)
- Bachelor of Technology in Computer Science and Engineering
